

WSNIA, 2015 Training Conference – Time to Register!

REGISTER AT WWW.WSNIA.ORG

Please join us for the 2015 annual WSNIA training conference, April 27, 28, 29 and 30 at the Heathman Lodge in Vancouver Washington. This year's conference is anticipated to be the best one yet with even more flexibility for officers to pick their own training tracks on both the second and third day of the conference.

We are pleased to announce as our keynote speaker, former Navy SEAL Jason Redman. He is the author of "The Trident – The Forging and Reforging of a Navy SEAL Leader". Redman's book brings a powerful insight into the strength, determination, perseverance, and faith of being a Navy SEAL and a wounded warrior. Redman reflects on his life within the Teams, the many valuable lessons he learned about leadership and overcoming adversity, and about receiving a second chance in life.

Training is provided in four hour blocks, allowing officers to choose the subjects they prefer.
